

## Orlando

### PLANNING TIMELINE

---

#### UP TO 60 OR 30 DAYS AT 7AM

## Disney Fastpass+ Planning

Whether you're a *Walt Disney World*® Resort first-timer or repeat visitor, understanding and using FastPass+ will save you from waiting in line at the parks. It's one of the easiest ways to ensure that everyone in your family gets to experience his or her priority rides and attractions. It's helpful all the time, even when the parks are less crowded, but it's absolutely crucial during peak times.

Guests staying on site at a *Walt Disney World*® Resort Hotel have an advantage over those staying off site when it comes to FastPass+. On-site guests can make FastPass+ reservations up to 60 days in advance for *their entire length of stay* while off-site guests can make reservations up to 30 days in advance of *each day* of their theme park visit.
